SUPPLEMENT

Title: SUPPLEMENT

I, Investigator Sakovich, assisted Victim Advocate M. Gaddis with Lauren Frontz's case.

After reviewing all the available material that Lauren provided and establishing a timeline of events, I called and spoke to ADA W. Lane.

ADA Lane informed me that she did not believe we had Probable Cause for a Stalking warrant. Instead, we read through the text of the Harassment statute and found that we met the elements of the offense for that charge.

I placed a harassment charge on suspect, Tristan Hall, after concluding my interview with Lauren.

I made four separate attempts to locate Tristan by going to his listed office, going to his home, having patrol try to intercept him at a restaurant, and having KCSO deputies go to his home later in the evening. All of the efforts failed.

I was informed by ADA Lane that Tristan later turned himself in.

Lauren has provided me with screen shots and pictures of communications that she both knows and suspects were from Tristan.

The case has been turned over to the DA's Office for prosecution.

Narrative:

On 07-28-20 at about 12:26 PM at 6619 Creekhead Drive, victim, Lauren Fronte, was harassed when she received a text message from defendant/ex-boyfriend, Tristan Hall. Lauren reported that she was having a text conversation with Tristan when she told him, "Tristan we're not together i got a nude you're your new gf just move on and stop contacting me." Lauren reported that Tristan then sent her three text messages, which caused her emotional distress, and that she felt it was a threat to her safety. The text messages read; "Okay. I'll make this simple. I know he took the weekend off. I know it was him. And you either admit it or this will escalate. It is so fucked up that I just want you to admit it – it makes everything you fault- and then I'm done. Otherwise this will escalate." and "Hannah and everything else came after the truck! So just fucking admit it" and "Okay. I'm done. Fuck you. Here's my advice: do not go to any bar or restaurant in Knoxville for a long time. People hate you now. And it will get worse." This did happen in Knoxville, Knox County, TN. Citation not issued due to the likelihood the offense will continue.
